CiRA Recruitment 2019

Program-Specific Researcher of SAITO Lab, Dept. of Life Science Frontiers

Position	One Program-Specific Researcher (Specially Contracted Limited-Term Faculty)
Work location	SAITO Lab, Dept. of Life Science Frontiers, Center for iPS Cell Research and Application (CiRA),Kyoto University, 53 Kawahara-cho, Shogoin, Sakyo-ku, Kyoto City.(5-min walk from Jingu-marutamachi Station of Keihan Electric Railway)
Job description	 We seek a post-doctoral researcher who is interested in studies of developing novel screening platform for functional RNA species with novel RNA library preparation method. He/she will engage in the research under the supervision of a Principle Investigator at SAITO Lab, Dept. of Life Science Frontiers. For details of our institute and SAITO Lab, please visit the sites: https://www.cira.kyoto-u.ac.jp/e/research/hsaito_summary.html https://www.cira.kyoto-u.ac.jp/e/research/hsaito_summary.html
Job requirements	 He/she has a doctoral degree of medicine, pharmacology, science or engineering, or equivalent research capabilities to execute the research and presentation as a Program-Specific Researcher. [Desired capabilities] He/she has capabilities of computer simulation and programing for nucleic acids structure analysis. He/she has research experience in nucleic acids chemistry and molecular biology. He/she has advanced expertise in a range of Physical chemistry and nucleic acids sciences. He/she can actively communicate with other staffs and engage in the work in a cheerful and cooperative attitude.
Contract period	From June 1, 2019 (the starting day negotiable) to March 31, 2020 with a possibility of renewal until up to the end of the project. When the term expires, the employment contract will be terminated. The employment contract can be renewed at the expiration of the contract of fixed-term employment only when you have achieved excellent work performance and demonstrated good work attitude and capabilities. Working conditions may be changed at the renewal of contract. However excellent your work performance, attitude and capabilities are, the contract may not be renewed or changes may be made to the current working conditions at the time of renewal, if renewed, due to reasons that the financial status has been changed or that the job contents specified above have become no longer needed because of the reorganization or the reassignment of the lab's principal investigator.
Working conditions	 Kyoto University Program-Specific Researcher (full-time, annual salary system) Salaries are determined based on the Kyoto University standards depending on capabilities and backgrounds. Annual salary includes various allowances. Discretionary work system for specialist staff (38 hours and 45 minutes/week, 7 hours and 45 minutes/day) Holidays: Saturdays, Sundays, national holidays, summer break, year-end and new-year break, the anniversary of foundation holiday, and paid holidays MEXT Mutual Association of Health Insurance, employee pension insurance, industrial accident compensation insurance, and employment insurance
